LEARN TO HANG GLIDE AUSTRALIA - INTRODUCTORY

Register for a free introductory session and get a taste of what hang gliding is all about. You'll learn basic ground handling skills with the support of a flight instructor. These sessions are designed for those who have no prior experience and everyone is welcome! Register through the relevant online form shown below to book in your training session and so we can keep you up to date on any changes to the event (location, time, weather etc.)

Spectators are also welcome, no need to register. Come along, watch the training sessions happen, check out the hang gliders flying and have a chat to some of the experienced hang glider pilots that will be around on the day.
